To Whom It May Concern:

It is with great pleasure that I recommend Gilbert Chavez and United Remodeling Construction.

Gilbert and his team built my new kitchen, which was an addition at the back of my house. The kitchen and the other interior work that they built turned out wonderfully. They cleaned up after themselves every day and the overall project was completed faster than what we had estimated and came in with in the agreed upon budget.

I was so pleased with Gilbert and his work, that I recommended him to the design I worked with, who now also works with Gilbert.

Sincerely,

Steven Lenchner
